Thank you for your recent pledge of \$500 to the 2008 Friends of Scouting Campaign!

In this challenging year we are especially grateful for your financial gift. It will further the mission of the Boy Scouts of America here in the LaSalle Council community.

Your contribution is critical to reaching and supporting our local youth and families through the great Scouting program. Scouting prepares our youth to reach their full potential by using the values found in the Scout Oath & Scout Law. We are now getting ready for the next century of the positive influence of Boy Scouting to begin! Thanks again for your help in getting us there!

God Bless You and Yours,
